When the Joe Pe-ters comes out she will be in apple-pie a centract to build an immense wharf boat for the Memphis and Little Rock railway. She will be 240 feet long, 48 feet beam and 9 feet hold; cargo box 212 feet long, 14 feet high and 48 feet wide. Besides this, Mr. Howard is building a 300-foot Anchor Line steamer, four government barges are two other boats.

The river is now about as low as it gets once in every 5 years, but the trouble is it is still tending downward. Good results will follow, however, because the lower the water gets the more the channels will be scoured out, and probably the foundations of some of those infernally trouble-some sandbars and reefs will be shaken up and started to moving. It's an ill wind that blows nobody good.
